STANDARD EQUIPMENT MORELO PALACE . PALACE LINER

COCKPIT . LIGHTS . STRUCTURE

COCKPIT	Driver and passenger seats, swiveling, with armrests and integrated belt system	PALACE
	Roller plissee behind windscreen, electrically activated, privacy screen, darkening blind and sunblind function	
	Panoramic windscreen with laminated glass, tinted, heatable	
	Flush, double-glazed driver's cab side windows, mechanically activated	
	Air conditioning in driver's cab	
	Cruise control	
	Steering wheel, adjustable in height and angle (height only with Daily)	
	Outside mirrors and windscreen wiper system in bus-style with wide-angle and front mirror	
	Radio in driver's cab, with CD and MP3 player	
	High-performance 2-way loudspeakers in driver's cab side panelling	
	1 x USB and 2 x 230V at the side and 1 x 12V at the dashboard	
	Noise insulation in engine compartment	
	Fully insulated driver's cab, new GRP module	
LIGHTS	Premium cockpit with leather covering, cup holders, cooling compartment and ambient lighting	PALACE LINER
	Halogen main headlights, with optical lens and additional main beam	
	Fog lights	
	LED daytime running lights	
	LED rear lights	
STRUCTURE		
	Side walls and roof are 42 mm thick, 38 mm of which consists of closed-cell RTM hard foam	
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean	
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss	
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity	
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used	
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles	
	Garage door with electrical unlocking or electrical hatch for car garages	
	Lightning protection, Faraday cage	
	Heated double floor, approximately 420 mm high (Mercedes Atego and IVECO Eurocargo ca. 480mm), side access via external flaps	
	"Top Class" entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking	
	Interior entrance step, heated and illuminated, with two incorporated pull-out drawers	
	Exterior entrance step, 2-step, electrically extendable with safety circuit, for chassis up to 10 t	
	Exterior entrance step, 3-step, electrically extendable with safety circuit, for chassis as from 10,5 t	
	Rear garage with doors to the right and to the left, floor rails with lashing eyelets and 230 V socket, electrical release (not for G models)	
	Rear wall with fibreglass compound sandwich design, PU foam core	
	Plastic windows in living area, double-glazed and tinted, collapsible outwards or sliding, with pleated blackout blind and flyscreen	
	Thermally separated storage flaps with, carpeted on the inside	
	Entirely wood-free exterior structure	
	Front and lateral skirting, from highly sturdy fibreglass compound	
	External adhesives in black and silver	
	Sturdy handle for easy entry, backlighted	

STANDARD EQUIPMENT MORELO PALACE . PALACE LINER

FOLDING BED . LIVING ROOM + BEDROOM . KITCHEN

FOLD. BED	Skylight, with flyscreen and pleated blackout blind	OPTIONAL
	Comfort bed suspension with multi-zone mattress	
	Lying surface approximately 2.000 x 1.300 mm (approx. 2.100 x 1.300 mm for PALACE LINER and PALACE in XL width)	
	Dividing curtain	
LIVING ROOM + BEDROOM	Floor covering made from easy-care, high-grade vinyl	
	Flat living area floor, from the rear to the dashboard	
	Skylight, with flyscreen and pleated blackout blind in the bedroom	
	Double-glazed, panoramic roof window with flyscreen and pleated blackout blind in the living area	
	Lighting canopies with LED spots incl. indirect lighting, dimmable	
	Rear bed with comfortably suspended multi-zone mattress and adjustable head part	
	Wardrobes with LED lighting	
	Microfibre upholstery, including driver and passenger seats	
	Multifunctional couch with ergonomic upholstery, no seat belts	
	Seating group with ergonomic upholstery, comfortable multi-layer design with diol-based padding and zip fasteners	
	Extensible, sturdy table, with extensive sliding range, laminated	
	Double pull-out furniture at the entrance	
	Sockets in the living area and in the bedroom	
	Wall panelling with colour-coordinated carpet	
	Elegant pleated curtains	
KITCHEN	190-litres AES refrigerator, with separate freezer compartment, automatic and manual energy selection, gas oven with a grill	
	MORELOSAN kitchen worktop with seamlessly integrated wash/waste bowl and domestic drains	
	3-flame stainless steel gas cooker, installed countersunk with automatic ignition and glass cover	
	Single-lever mixer tap, chrome	
	Drawers with soft closing and cutlery insert	
	Pull-out waste bin with two removable containers	
	Skylight, with flyscreen and pleated blackout blind	
	LED spots, in lighting canopy	
	Sockets 2 x 230 V	

EXPERT ADVICE	<p>A WELL-INTENTIONED ADVICE</p> <p>DO NOT SAVE ON THE VEHICLE TECHNOLOGY!</p> <p>Our many years of experience shows that when it comes to buying a new motorhome, many people tend to be frugal when it comes to technical equipment. The immense demand for retrofits, however, shows the disadvantages of this tactic: Even small bumps on the road are quickly becoming an ordeal with leaf springs and mountain roads</p>	 <p>without a Telma retarder often turn into a barbecue party for the original brake system.</p> <p>Many retrofits can be realized only with additional effort and higher costs compared to the original equipment. Enjoy the full comfort of your MORELO right from the start, with chassis technology from Fahrzeugbau Meier!</p>	

STANDARD EQUIPMENT MORELO PALACE . PALACE LINER

BATHROOM . GAS + HEATING + WATER . ELECTRONICS . CONTROL PANEL

BATHROOM	Skylight, with flyscreen and pleated blackout blind	PALACE
	Washstand, with seamlessly integrated sink and domestic drain	
	Extensible single-lever mixer tap, chrome	
	Soap dispenser, cup holder and towel hook	
	Lighted closet	
	Separate shower, with wall rail, height-adjustable showerhead and drying rail	
	Toilet window, with flyscreen and pleated blackout blind for premium bathroom	
	Separate toilet area with optional luxury bathroom	
	Ceramic toilet bowl with 250 litres toilet tank	
	Toilet paper holder and toilet brush	
GAS + HEATING + WATER	Spacious wardrobe with LED lighting	PALACE LINER
	LED spots	
	Sockets 2 x 230 V	
	Gas bottle compartment, for 2 x 11 kg gas bottles side by side, with gas controller gas leak protection, gas filter and automatic switchover	
	120 litres gas tank for vehicles with slide-out, only PALACE LINER	
	5.500W hot water gas central heating, with thermostat control, automatic ventilation valve and backflow shut-off	
	Electrical heating element, 230 V, up to 3.000 W	
	Engine heat exchanger, for using engine calories to heat up the living area	
	Floor heating in living area, bathroom and driver's cabin	
	Heat regulating thermostat in bedroom and rear garage	
	Towel dryer radiator in bathroom, with thermostat control	
	Integrated hot water boiler, serving all tapping points	
	380 litres fresh water tank, 250 litres wastewater tank and 250 litres toilet tank, situated in the heated double floor	
ELECTRONICS	Emptying of wastewater and toilet tank, via drain tap with large cross section in heated double floor and drain hose with bayonet connection	
	Domestic style wastewater pipes	
	Flushing connections for wastewater tank and toilet tank	
	Central pressure water supply	
CONTROL PANEL	230 V socket in the garage	
	230 V CEE connection, with insulated floor inlet	
	140 Ah gel battery in intermediate floor including battery monitoring system with overloading and total discharge protection	
	Automatic charger, electronically controlled, with battery temperature sensor, maximum charge rate of 25 A	
	Central control and monitoring panel, with colour touch screen	
	Shut-off function for on-board electrical system, in case of undervoltage/overheating	
	On-board electronics, microprocessor-controlled with bus technology	
	Buttons for switching on/off, lighting, water pump and special equipment, including main switch for all consumers	
	Alarm devices, for 'wastewater tank full', 'step extended', 'fresh water tank empty', reserve gas bottle in use' and diverse others	
	LCD control panel, for monitoring external and internal temperature, external current supply, parallel battery circuit, battery voltage of vehicle and leisure battery	
	LCD control panel, for monitoring the wastewater tank, fresh water tank, gas level (only when gas tank fitted), charging/discharging current, date and time with alarm function

EXPERT ADVICE

A SAFE FOOTING

COMFORT AND SAFETY ARE INCLUDED

Are you looking for relaxed driving with a solid feeling of additional safety? Then pair our 8-speed HI-MATIC automatic gearbox with our standard ESC without skipping the comfort of full air suspension. Or the electromagnetic Telma eddy-current retarder. This is the leading choice for safer braking, acting right on the drivetrain and making it possible to brake the vehicle to a standstill. The gentle, smooth braking

provided by the Telma handles up to 90% of all braking operations, thereby preventing the main brake from overheating. Furthermore, wear-free braking protects the main brake, resulting in a significant reduction in operating costs.

Prices in Euro (incl. 20 % VAT)

¹⁾ Weight in kg ■ Standard equipment

LIVING ROOM

The standard lounge is equipped with ergonomic seat cushions, a pull-out table and overhead locker with glasses.

Numerous other layouts offer a wide array of customisation options.

We are certain that you will find the MORELO layout that is perfect for you.

"Lounge" living room

The seating quality is right on par with the showcase quality for these comfortable, ergonomically shaped cushions. The enormous windows allow plenty of light into the living room.

"Bar" living room (optional)

The "Bar" living room variant offers space for friends and family and increases the number of seats with safety belts from four to five.

"Novel" living room (optional)

The extra large lounge seating group has been opened towards the room with the kitchen connected to it directly. This creates an elegant line throughout the entire vehicle.

BATHROOMS

Different customer requests require different bathroom variants.

This is why MORELO offers various bathrooms depending on the vehicle, from compact to spacious and even with the option of a separate toilet room.

Premium bathroom

The premium bathroom offers plenty of room to move and numerous stowage options. The two-piece sliding door to the bedroom is mirrored.

Luxury bathroom (optional)

The separate toilet room offers a plus for privacy and enables flexible use of the bathroom by several people.

BEDROOM

Four bed variants are available for the bedroom equipment.

Cold foam mattresses with spot-elastic sprung base offer optimal head support and provide an optimal sleeping environment thanks to the integrated air channels.

Queen bed (M)

The queen bed is accessible from both sides and provides enough room for two additional wardrobes.

Convenient size: **160 x 200 cm**

Front-to-back bed (L)

The front-to-back bed maximises your available space and is available as a double bed or two separate beds.

Premium size: **Twice 106 x 200 cm**

L-beds, separated

The L-beds are also available as separated beds with a nightstand at the head end and a separate cushion insert.

Efficient size: **Twice 82,5 x 200 cm**

KITCHEN COUNTERTOPS

The Morelosan kitchen countertop with seamlessly integrated sink and drying basin is functional and very easy to clean thanks to the smooth form free of joints or edges. High-quality solid surface countertops are available as special equipment.

**Morelosan** Salt**Morelosan** Zimt**Solid surface** Creme**Solid surface** Muskat**Solid surface** Pepper

INTERIOR SURFACES

Light or dark? Respectively »Life« or »Trend«? You have the choice between two furniture wood colors. Combine the noble high-gloss furniture flaps with warm rosewood or - now brand new - with modern aralia.

Furniture wood colour Trend

Furniture wood colour Life

Wall lining Synthetic leather

Wall covering Standard

VELOURS OR SISAL LIVING ROOM FLOORS AND FLOOR COVERINGS

The surface of the optional floor coverings are easy to clean while remaining exceedingly durable and long-lasting. The optional carpet variants in sisal and velours quality give a pleasant atmosphere to the living space

Living room floor Cappuccino

Living room floor Chocolate

Carpet Velours Grey-brown

Carpet Velours Chocolate

Carpet Velours Beige

Carpet Sisal Sierra

TABLE IN THE LIVING ROOM

The living room table is available in five different finishes.
Lacquered real-wood frames and durable, scratch-resistant
laminated surfaces offer maximum quality.

Tabletop Sand

Tabletop Lava

Tabletop Stone

Tabletop Quarz, table edge Trend

Tabletop Granit, table edge Life

SELECTED DRAPERY MATERIALS

Your MORELO is customised as you wish.

Of course, this also includes picking
your favourites from among the material patterns.

Individuality is emphasised in a MORELO.

Pattern 200

Pattern 230

Pattern 330

Pattern 340

Pattern 700

YOU HAVE THE CHOICE

The EMPIRE makes it easy for you to bring your idea of the perfect motorhome to life with its three variable basic layouts and virtually limitless ways to combine equipment variants.

WITH FRONT-TO-BACK BEDS (L LAYOUTS)

Front-to-back beds in the rear allow convenient access from the foot of the bed, separately for each bed. The top parts can be adjusted independently.

WITH FRONT-TO-BACK BEDS AND WARDROBES IN THE BEDROOM (LS LAYOUTS)

Just as much sleeping comfort as the L layouts with some extra stowage space. In these layouts, the bedroom has room for two spacious closets in front of the beds.

WITH QUEEN-SIZE BED (M AND G LAYOUTS)

The layout with a free-standing queen-size bed and wardrobes to the left and right next to the bed offers convenient access from all sides as well as additional stowage space.

STRUCTURE . FOLDING BED . LIVING ROOM + BEDROOM

STRUCTURE	Side walls and roof are 52 mm thick, 50 mm of which consists of closed-cell RTM hard foam	OPTIONAL
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean	
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss	
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity	
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used	
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles	
	Lightning protection, Faraday cage	
	Heatable double floor, approximately 420 mm high, side access via external flaps	
	"Top Class" entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking	
	Interior entrance step, heated and illuminated, with two incorporated pull-out drawers	
	Exterior entrance step, 2-step, electrically extendable with safety circuit	
	Rear garage with doors to the right and to the left, floor rails with lashing eyelets and 230 V socket, electrical release	
	Rear wall with fibreglass compound sandwich design, PU foam core	
	Genuine glass windows in living area, double-glazed and tinted, collapsible outwards, with pleated blackout blind and flyscreen	
	Storage in RTM technology, insulated	
	LED lighted double floor lockers	
	Entirely wood-free exterior structure	
	Front and lateral skirting, from highly sturdy fibreglass compound	
	Outside applications in real glass, black	
	Sturdy handle for easy entry, backlit	
FOLD. BED	Skylight, with flyscreen and pleated blackout blind	
	Comfort bed suspension with multi-zone cold foam mattress	
	Lying surface approximately 2.080 x 1.300 mm	
	Dividing curtain	
LIVING ROOM + BEDROOM	Floor covering made from easy-care, high-grade vinyl	OPTIONAL
	Flat living area floor, from the rear to the dashboard	
	Midi roof window, with flyscreen and pleated blackout blind in the bedroom	
	Double-glazed, panoramic roof window with flyscreen and pleated blackout blind in the living area	
	Lighting canopies with LED spots incl. indirect lighting, dimmable	
	Rear bed comfortably suspended with EvoPore multi-zone mattress and "water gel" - topping, with adjustable head part	
	Wardrobes with LED lighting	
	Microfibre upholstery, including driver and passenger seats	
	Multifunctional couch with ergonomic upholstery, no seat belts	
	Seating group with ergonomic upholstery, comfortable multi-layer design with diol-based padding and zip fasteners	
	Extensible, sturdy table, with extensive sliding range, laminated	
	Double pull-out furniture at the entrance	
	Sockets in the living area and in the bedroom	
	Wall and ceiling panelling with artificial leather, smooth finishing	
	Elegant venetian blinds

	Integrated hot water boiler, serving all tapping points
	380 litres fresh water tank, 250 litres wastewater tank and 250 litres toilet tank, situated in the heated double floor
	Emptying of wastewater and toilet tank, via drain tap with large cross section in heated double floor and drain hose with bayonet connection
	Domestic style wastewater pipes
ELECTRONICS	Flushing connections for wastewater tank and toilet tank
	Central pressure water supply
	230 V socket in the garage
	230 V CEE connection, with insulated floor inlet
	Lithium battery 2 x 160 Ah (100% energy withdrawal), combined charger / inverter, 120 A / 3.000 W, with power-sharing, fully automatic battery protection, premium control panel and 230 V socket in the garage
	TV-Sound system with 4 loudspeakers and subwoofer when optional TV package

CONTROL PANEL

Central control and monitoring panel, with colour touch screen
Shut-off function for on-board electrical system, in case of undervoltage/overheating
On-board electronics, microprocessor-controlled with bus technology
Buttons for switching on/off, lighting, water pump and special equipment, including main switch for all consumers
Alarm devices, for 'wastewater tank full', 'step extended', 'fresh water tank empty', reserve gas bottle in use' and diverse others
LCD control panel, for monitoring external and internal temperature, external current supply, parallel battery circuit, battery voltage of vehicle and leisure battery
LCD control panel, for monitoring the wastewater tank, fresh water tank, gas level (only when gas tank fitted), charging/discharging current, date and time with alarm function

EXPERT ADVICE

DOMETIC FRESHJET 3200

ROOFTOP AIR CONDITIONING

On vacation, temperature and humidity have a decisive influence on your well-being. With our Dometic Freshjet 3200 you can keep a cool head on the road or heat up your motorhome neatly on cold days. Even with unstable power supply and voltage drops.

MORELO, more than just standard.
Dometic. Mobile living made easy.

OUR ADVICE

Use the air conditioning as a duo to create two separate climates in the bedroom and living area.

www.dometic.com

EXPERT ADVICE

BECOME INDEPENDENT

HIGH-PERFORMANCE SOLAR MODULES FOR YOUR MORELO

With the Black Line modules from Büttner Elektronik, you have a reliable energy supplier on your roof in every situation. The special feature of these high-performance modules are the 72 cells and the associated multicell technology.

Compared to conventional 36-cell modules, the Black Line plays its cards even in difficult weather conditions or in partial shade.

EXPERT ADVICE

FULLY AUTOMATED JACK SYSTEM

JUST LEVEL

Make your stay in your MORELO as comfortable and easy as possible: Our leveling jack system is adapted to your vehicle, just press a button and the system places your vehicle horizontally on 4 jacks. Despite their low weight, each jack can lift up to 10 tons. Of course, our premium system also works purely hydraulically when the lifting supports are moved in, i.e. even mud submerged jacks are easily fully retracted.

Our advice

The E + P leveling jack system is very robust and protected against corrosion. Arrive and extend the jacks - just level.

www.ep-hydraulics.nl/en

EXPERT ADVICE

WELCOME TO THE WARM

ALDE FLOW

Alde Flow is a separate hot water tank that you can connect to the water-glycol circuit of the heating system. The hot water tank preheats the fresh water before it gets into the actual hot water tank of the boiler.

Alde Flow, along with the Alde Compact 3020HE (valid as of 2016 model), with Boost mode activated and a flow rate of 3.5 l / min (capacity of a normal shower tap), will provide continuous 40 ° C shower water as long as the fresh water supply is sufficient.

SIZE IN DETAIL

TELEVISIONS

All TV sets in your MORELO are manufactured by alphontronic, located in Nuremberg, Germany. This means consistently high quality that meets your expectations for a reliable mobile television. The devices are equipped with power-saving alphontronic wide-angle displays, integrated triple tuner (DVB-S2, DVB-T2 (H.265), DVB-C with CI + for receiving Pay TV), DVD player and Bluetooth 4.2 module.

alphontronic

OUR ADVICE

Simply put your favourite films on a USB stick and bring them on holiday with you. You'll be entertained throughout the trip, all thanks to alphontronic.

MORELO
FIRST CLASS REISEMOBILE

MORELO Reisemobile GmbH · Helmut-Reimann-Straße 2 · D-96132 Schlüsselfeld · Fon: +49 (0) 95 52 - 9296 00 · www.morelo-reisemobile.de

Subject to technical changes and errors. Please note that some of the illustrations in this catalogue show alternative designs or optional extra fittings, which would incur additional costs. Variations in colour may arise during printing. This document, including extracts thereof, may only be reproduced with the written permission of MORELO Reisemobile GmbH.

The prices listed for vehicles and extras apply to their purchase and licensing in Germany. They are given in Euro and include VAT at 20%. We reserve the right to adjust prices accordingly in the event of VAT increases during the delivery period. All prices represent nonbinding recommendations ex works. Price changes for basic vehicles will cause price adjustments based on the additional price for the basic vehicle. The prices for extras are only valid if they are fitted in the factory and scheduled in due time. Retrofitted extras will incur additional material and assembly costs.

Prices include ancillary costs for pre-shipment of the chassis and TÜV certification. Transport costs to abroad or foreign registration costs are not included.

We reserve the right to make technical modifications, providing overall product quality is maintained or improved and there is no restriction in terms of the designated use.

This price list applies to orders as from the 1st of January 2019. All previous price lists will cease to be valid. Errors and omissions excepted.

¹ The mass of the vehicle in running order includes: driver (75 kg), full fuel tank, 100 litres of fresh water, full gas bottles, tool kit and spare wheel. The fitting of extras and accessories may alter the weight and dimensions. All dimensions and weights are based on the knowledge available at the time of going to print. Deviations of +/- 5% are possible and deemed acceptable.
