## Dear Motorhome Owner,

For us the term „living room on wheels“ is not just a meaningless phrase. Motorhomes under the HYMER brand name mirror exactly what customers expect from us: excellent quality, high levels of comfort, high-quality furnishings and trim and extremely high safety levels – all part of standard equipment! Our aim is for you to feel just as comfortable on your trips as you do at home. This is why purchasing the right motorhome is always a question of emotion – it is a gut decision despite all rational considerations. Erwin Hymer was well aware of this when he built the first series motorhome in 1971.

And nothing has changed to this day! From compact semi-integrated motorhomes through to the premium integrated models, HYMER not only does its utmost to meet all the expectations and desires of our customers across all model series, it even tries to exceed them. As pioneers in this sector, this is part and parcel of our philosophy and it is something we owe to the long tradition of our brand. The best thing to do is discover this for yourself and get to know the benefits of our wide range of models. See for yourself what our price-performance ratio means for you and visit our website at [www.hymer.com](http://www.hymer.com) to find out about our latest product portfolio and the new layouts.

Bernhard Kibler  
Head of HYMER Motorhomes Division

## Standard Equipment HYMER B-Class SL

- Basis
- Special coil springs for front axle, incl. Axle load increase
- Central locking for driver's- / entrance door and garage doors
- Automatic air conditioning with pollen filter, engine-driven
- Foglights
- Cruise control
- Driver- and passenger airbag (Please consider: On passenger airbag it is not allowed, to fix child seats with restraint system on passenger seat.)
- ABS (anti-lock braking system) / EBD (electronic brake force distribution)
- Mud flaps on front and rear axle
- Fiat Ducato Maxi Multijet 109 KW/ 148 BHP, Euro 5+
- ESP incl. ASR, Traction Plus and Hill Holder
- AL-KO frame
- Suspended exterior mirror, in vehicle finish, electrically heated and adjusted, incl. wide-angle mirror
- Daytime running light integrated in HYMER head lamps
- 6 gear

### Superstructure

- HYMER Panorama roof vent 80 x 50 cm with LED illumination in living area
- LED awning light with rain deflector
- GRP light construction floor with Styrofoam insulating
- Appealing, modern exterior visual appearance due to round accumulative form in aluminium smooth metal
- Large garage door right and left on the direction of travel
- Folding darkening system in driver's cabin made of high quality pleated material
- HYMER frosted glass roof vent 40 x 40 cm with darkening blind and flyscreen over separate shower
- HYMER frosted glass roof vent 40 x 40 cm with pleated darkening blind and fly screen in bathroom
- GRP roof coating (GRP roof coating is not in exterior finish. The surface of the GRP coating doesn't comply to an painted exterior plate)
- Optimal Insulating due to approved PUAL-construction with foamed walls and foamed roof (35 mm roof- and wall thickness) and frame windows
- Driver's door with electric window and illuminated entry
- Garage loading capacities till 450 kg
- Hinged window in rear in driving direction on the right and left (on LHD vehicles) with pleated darkening blind and fly screen (depends on layout)
- Comfort entrance door with window and inner shell
- Electric step for driver's door (automatic move-out on opening driver's door)
- Electric step, 2-stepped
- Masking strip in brushed Titanium filling
- Insulating glazing for driver's cabin side windows and driver's door
- HYMER clear glass roof vent 40 x 40 cm with pleated darkening blind and fly screen above rear beds.
- Large outside flap on driver's side to load L-seating group

## Pack HYMER B-Class SL

## Standard Equipment HYMER DuoMobil

### Basis

- Fiat Ducato Maxi Multijet 109 KW/ 148 BHP, Euro 5+
- Cruise control
- Automatic air conditioning with pollen filter, engine-driven
- Special coil springs for front axle, incl. Axle load increase
- Driver- and passenger airbag (Please consider: On passenger airbag it is not allowed, to fix child seats with restraint system on passenger seat.)
- Foglights
- Central locking for driver's- / entrance door and garage doors
- Daytime running light integrated in HYMER head lamps
- Mud flaps on front and rear axle
- Suspended exterior mirror, in vehicle finish, electrically heated and adjusted, incl. wide-angle mirror
- ESP incl. ASR, Traction Plus and Hill Holder
- ABS (anti-lock braking system) / EBD (electronic brake force distribution)
- 6 gear
- AL-KO frame

### Superstructure

- GRP roof coating (GRP roof coating is not in exterior finish. The surface of the GRP coating doesn't comply to an painted exterior plate)
- Driver's door with electric window and illuminated entry
- Optimal Insulating due to approved PUAL-construction with foamed walls and foamed roof (35 mm roof- and wall thickness) and frame windows
- HYMER frosted glass roof vent 40 x 40 cm with pleated darkening blind and fly screen in bathroom
- LED awning light with rain deflector
- GRP light construction floor with Styrofoam insulating
- Large garage door right and left on the direction of travel
- HYMER frosted glass roof vent 40 x 40 cm with darkening blind and flyscreen over separate shower
- Folding darkening system in driver's cabin made of high quality pleated material
- Garage loading capacities till 450 kg
- Appealing, modern exterior visual appearance due to round accumulative form in aluminium smooth metal
- Comfort entrance door with window and inner shell
- Electric step for driver's door (automatic move-out on opening driver's door)
- Electric step, 2-stepped
- Masking strip in brushed Titanium filling
- Insulating glazing for driver's cabin side windows and driver's door
- HYMER panorama roof vent 80 x 50 cm with LED lighting over round seating group
- Roof vent 40 x 40 cm with pleated darkening blind and fly screen over pull-down bed
- Hinged window in rear with pleated darkening blind and fly screen
- Hinged window in the rear on right and left in direction of travel with darkening blind and fly screen
- Roof vent 40 x 40 cm with darkening blind and fly screen over dressing room
- Provision for 3rd and 4th seat

### Outfitting

- Enormous bicycle garage
- Medication cabinet
- Pull-down bed manually lowerable (along and across sleeping)
- 2nd shoe cupboard at entrance area as well as shoe compartments in both steps to bed
- Fly screen roller blind on entrance door
- Luxury table: swivels through 360°, lengthwise and across slidable with solid wood frame

# HYMER StarLine-S

MAKE YOUR STARLINE A STARLINE-S:

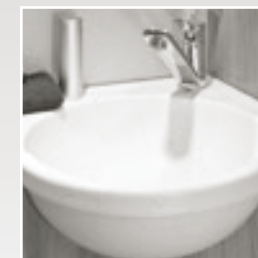

The HYMER StarLine fulfils highest demands to mobile travelling. As "Premium Integrated with Star" it offers more living- and stowage room, more independence and better driving comfort. The StarLine 680 and 690 now becomes more highlights with the optional options package. The main focus here lies – next to much technical finesse such as the automatic gearbox 7 G Tronic – in the processing of very high class material. The kitchen worktop for example is made of solid surface, the ceramic toilet upgrades the open washroom and the table with the frame of real wood and also the furniture flaps in classy high-gloss underline the sense of well-living in a Premium motorhome.

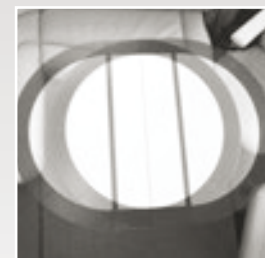

Kitchen worktop made of solid surface

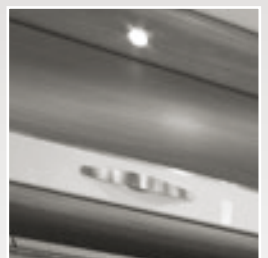

Ceramic-toilet

Cool Glass sink

Enlargeable table with frame of real wood

High-gloss furniture flaps

## High-tech-body

- + PUAL foamed any fully glued
- + GRP-roof coating / GRP floor
- + Insulated glass for side cab window and drivers door
- + Garage resilient up to 350 kg, with large door on the RH as well as on the LH side
- + Maxi-stowage under the L-seating group
- + Heated double floor incl. stowage trays
- + Electric windscreen shutter
- + S7 framed windows with insulating cover without cold bridges
- + Comfort-entrance door with double locking and window
- + Stowage flaps/-door made of PUAL and with splash water seal

## Chassis

- + Mercedes Benz Sprinter with 190 hP 6-cylinder-engine
- + Rear wheel drive with twin tires
- + Automatic gear 7G-TRONIC (automatic transmission)
- + Air conditioning Tempmatik
- + Cruise control
- + 5,3 t permissible mass
- + Despite S package almost 1 ton of payload!
- + 100 l fuel tank
- + Hill start assist AAS integrated into ESP
- + Reinforced stabilizers at front and rear axle

## Safety

- + Driver's and passenger airbag
- + ADAPTIVE ESP + ESP trailer stability assist
- + Anti-lock Braking System ABS
- + Brake Assist System BAS
- + Electronic brake force distribution EBV
- + Traction Control ASR
- + Daytime running light
- + Electric exterior mirrors incl. wide-angle mirror
- + Panoramic windscreen with huge wiping field and 3 windscreen wipers
- + Top-visibility due to reduced left and right B pillars

## Self-sufficiency & Technology

- + 170 l fresh and 140 l waste water tank
- + Warm water heating with heat exchanger
- + In multiple cold chamber tests tested and proven heating technology
- + More than 15 built-in convectors including garage, double floor and dashboard
- + Interior illumination exclusively in energy-saving LED
- + 285 Ah power supply (3x95 Ah AGM-batteries with additional charger 18A)
- + 1800 W Inverter with mains priority circuit
- + Upgraded alternator 180 A
- + HYMER Smart-Multimedia-System
- + Speakers in the living and bedroom area

## Luxury

- + Exterior finish: Sierra grey metallic with design stickers
- + Electric seat lift for driver- and passenger seat
- + Noble high gloss furniture flaps
- + Extendable design table with wood frame
- + Multi zone cold foam mattress
- + Nightlight, shiftable from front- and rear bed
- + Kitchen work plate made of solid surface
- + Ceramic toilet
- + Sink in bathroom made of Cool-Glass

## Equipment

- + 160 litre Jumbo fridge with separate freezer
- + Fly door
- + Driver's door with electric step
- + Panorama roof vent above living area
- + Radio-/TV-provision

Information

Important information

Important notes:

All prices include a 2000 Sterling "On The Road Charge", including PDI inspection, first registration fee, 12 months road tax, number plates and transport from Germany.

Any change in the original factory condition of your vehicle may impair vehicle handling and traffic safety.

Accessories and original spare parts recommended by Hymer GmbH & Co. KG are specially designed for your vehicle and approved by us. Your Hymer dealers offers these products and can provide you with information on technical specifications and carry out the necessary work professionally. Accessories, add-on parts and conversion parts not approved by Hymer GmbH & Co. KG may cause damage to your vehicle or impair traffic safety. Even if an expert's report, a homologation certificate or a type test certificate is available for this part, it does not imply that the nature of the product is in order.

We hope you appreciate that Hymer GmbH & Co. KG can accept no liability for damage caused by products not approved by Hymer GmbH & Co. KG or by unauthorised changes made to the vehicle.

Weight specifications are approximate. The payload quoted in the price list is reduced by the weights quoted in the price list when optional extras are fitted.

Specifications on scope of supply, dimensions and weights of vehicles are subject to deviations within factory tolerances (+/-5%) and permissible. They are correct to the knowledge available at the time of going to press and European homologation provisions. They may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide you with information on changes and the standard scope of delivery.

Please remember that the specified axle loads must be complied with in particular when rear add-on parts, such as motorbike rack or towbar are fitted.

Prices quoted for optional extras are only valid as part of the standard new production. Retrofitting certain optional extras is not possible in some cases and may entail considerable extra costs.

This price list describes the series status at the time of going to press. Despite careful checking of the contents, printing errors are not excluded. During the course of the model year, we retain the right to make changes to equipment and make product improvements. Layouts are mainly depicted with optional extras available at extra charge. They are not part of the standard equipment. The water supply system is state of the art as of 07/2011 (EC Directive 2002/72/EC). Before signing a contract of sale, please ask our authorised Hymer dealer for our current products and series status.

All prices are non-binding recommended sales prices in Sterling including the valid statutory value added tax.

We reserve the right to change prices, design and equipment.

This price list replaces all previous versions.

Collection by the customer  
Unfortunately it is not possible to collect your motorhome personally from the factory.

Technical Data

- \*) Data not available at time of going to press
- a) Please note: Any other motor or chassis frame options, e.g. automatic transmission or air conditioning unit, are subject to surcharge and cause the vehicle weight to increase. For chassis frame related optional equipment, the additional weights of the individual chassis frame and/or motor options are given in the respective optional equipment lists.
- b) Mass in roadworthy condition according to EN1646-2 incl. basic equipment (75kgs for driver, filled fuel tank, water tank in driving condition filled with 20 litres, gas in aluminium cylinder 100% full, and electrical cable) in basic option. Masse in roadworthy condition (and payload or number of persons possible) varies according to motor or equipment options or depending on optional equipment attached. Deviations within the factory tolerance limits are possible and allowed.
- c) The mentioned payload depends on the mass in running order and will be reduced proportionally by the weight of the installed optional extras (the weights can be taken from the price list or can be asked by the dealer) and assumes optimal distribution. The maximum permitted payload consists of conventional load: 75 kg per passenger, user payload (10 kg personal baggage per passenger and driver, plus 10 kg per meter of the vehicle length) and remaining payload can be used for additional extras or baggage.
- d) The specified number of people decreases in relation to the increase in the total vehicle operating weight (b). In additional to this increase is the engine size difference compared to the basic variant, the optional extras fitted and the choice of suitable equipment variants. Refer to the weight specifications in the price list or request them directly from your HYMER dealer to make sure that you do not exceed the maximum permissible total weight and that there is sufficient loading capacity left for persons and the equipment and materials required.
- e) Up to 12% uphill grade: with increasing altitude, the engine power decreases inevitably. As of 1000 m above sea level and for each additional 1000 m each time 10% of the vehicle and trailer have to be reduced.
- f) The overall height increases of approx. 5 cm for the Fiat Ducato Maxi.
- g) The height is changing when options like Sat-antenna, Roof rails etc. are installed. The Standard Radio Roof antenna is not considered in the total height.
- h) External width is equivalent to the dimension from outer wall to outer wall.
- i) Total width is equivalent to dimension including wheel arches.

Information

Comments

- 1) On T SL 568 and 588 not possible in Connection with Sat antenna Oyster (Code 64633).
- 2) When the lowering double bed is ordered (Code 44822 or 44824), we recommend ordering the optional extra sliding windows above the bench seat (Code 33353).
- 3) When ordering the kitchen worktop made of solid surface (Code 47140), the number of drawers decreases from 6 to 5. (B 504 and B 578)
- 4) Maximum payload for bicycle rack 50 kg.
- 5) Use of motorcycle rack and bicycle rack both at the same time is not possible.
- 6) Towbar and motorbike rack cannot be used at the same time. The Jaeger socket is fitted for motorbike racks and towbars.
- 7) Towbar and motorbike rack cannot be mounted together.
- 8) Towbar and motorbike rack can only be fitted together on the Mercedes-Benz Chassis 516/519.
- 9) Only in conjunction with Fiat Ducat Maxi and maximum permissible total weight of 4250 kg.
- 10) Not possible in Connection with oven and grill combination Thetford Aspire (Code 57944).
- 11) Not possible in connection with comfort entrance door (Code 34202).
- 12) Only in conjunction with Mercedes Sprinter 316 CDI and 319 CDI.
- 13) Not in conjunction with GRP roof coating (Code 33505).
- 14) Only in conjunction with 5 ton chassis.
- 15) Only in conjunction with central locking.
- 16) Only in conjunction with floor heating (Code 56116) and ALDE warm water heating (Code 52882).
- 17) Mounting brackets for awning feet are enclosed loose.
- 18) Receiver with CI (Common Interface) module slot for Smart Cards for receiving encrypted programs. Card not included.
- 19) On T SL 568 and 588 not possible in connection with roof vent (Code 33504).
- 20) Use of child seats with support system on passenger seat with airbag not allowed.
- 21) Just possible in conjunction with second respectively third living area battery.
- 22) This product is not suitable for persons wearing a permanent heart pacemaker.
- 23) On StarLine 680 this mattress is just on the longer single bed.
- 24) Just possible in conjunction with entrance step at driver's door (Code 32110) and AL-KO frame Extension (Code 37688).
- 25) Not possible in conjunction with sleeping system (Code 44164)
- 26) On Exsis-i 504, 524, 578 and Exsis-t 588 not possible in conjunction with roof air conditioning (Code 57948).
- 27) Not possible in conjunction with Roof vent Fantastic Vent (Code 33402). Exsis-t 564, 588, 688 and T SL 668.
- 28) Due to the axle loads we recommend to order the Maxi Chassis on ordering the motorbike rack or tow bar on T 668, 678, 698 CL and T 668 SL. We gladly calculate your vehicle with your individual Options.
- 29) On ordering four wheel drive the Standard cross wind assist won't be installed.
- 30) Not in conjunction with crank-up roof vent (Code 33500).
- 31) Only in conjunction with radio and TV prewiring (Code 62316).
- 32) Only in conjunction with second and third living area battery (Code 51707 and 51711)
- 33) Only in conjunction with Mercedes Benz 516 CDI and 519 CDI.
- 34) Not possible in connection with roof rack (code 37240 or 37255), due to collision with the exhaust gas chimney.
- 35) On Exsis-i 504, 524 and 578 not possible in conjunction with Roof vent Fantastic Vent (Code 33402).
- 36) Not possible in connection with fog lights (Code 4851) but with fog lights Halogen (Code 4863).
- 37) On Exsis-i 504 and T SL 668 not possible in connection with roof air conditioning (Code 57948).
- 38) Automatic control gear is not deliverable in conjunction with Fiat Ducato 2,0 Multijet 115 PS.
- 39) Not possible in conjunction with longitudinal single beds with low conduction.
- 40) On ordering the rear axle full air Suspension the waste water tank volume will be reduced from 100l to approx. 85l.
- 41) Not in conjunction with sleeping comfort system with cup slatted frame and 7-zone cold foam mattress (Code 44143).

- 42) The headroom on T CL will be reduced to approx. 194 / 180 cm. On ML-T the headroom will be reduced to approx. 183 cm.
- 43) Not possible in connection with roof rack (Code 58635 or 58643), due to collision with the exhaust gas chimney.
- 44) Not possible in conjunction with Sideboard (Code 42630).
- 45) Not in conjunction with Cosy Packet (Code 57987).
- 46) Not possible in connection with exterior colour body sierra grey metallic (Code 57820).
- 47) Electrical underfloor heating is only possible in the walk area. Platform is heated with warm air and floor vents are not heated.
- 48) Not in conjunction with roof railing (Code 37255).
- 49) Not possible in connection with roof air conditioning (Code 57948).
- 50) Only in conjunction with wooden slatted frame (Code 44172).
- 51) Not possible in conjunction with bunk bed (Code 42716)
- 52) Just possible in conjunction with Smart-Tower fridge (Code 58657). Exsis 414 and 474.
- 53) The storage management includes the following items: 4x storage baskets at rear wall, pre-installations for accepting: camping table, 2x camping chairs and leg supports, cable reel, water hose, wheel blocks, tool kit, electrical adapter. Incl. pre-installation for extendible bicycle rack.
